

Series M

Fenner® Series M Coaxial Gearbox

The innovative Fenner® Series M coaxial gearbox is the culmination of many years expertise. Designed to be utilised in a wide variety of situations it combines high load carrying capacity with high efficiency and reliability and is manufactured using the highest quality materials and components.

Benefits

- > Ratios from 5:1 to 16,200:1, up to 20,000Nm
- > Highly efficient gearing, saving energy and running costs
- > Dimensionally interchangeable with other manufacturers
- > Innovative motor adaptor uses standard IEC interface
- > Oil tight gearhead enables motor removal without oil spillage
- > Foot or flange mounting
- > ATEX certification available
- > Reducer version available
- > Built to order
